

# 2010 Spouse Program

Design on a Dime

Back by popular demand: Yolanda Mincey returns to SCACS. This year's spouse/guest program will be a session that includes a little of

- 1 Designing on a Dime
- 2 Creativity with Color
- 3 What's your Design Style
- 4 Accessorizing for Impact

As in the past, there will be a very interactive Q&A session with solutions for design questions.

In fact, if you would like to send an electronic picture of your design challenge, room, issue . . . Yolanda will use it during the program to answer questions and help you brainstorm your design options.

Let the SCACS staff know and they'll make share it with Yolanda (and bring it to the convention).
